Module 4. Age, Gender Diversity

Storyboarding

Storyboarding questions could cover:

1. Depict a problem of concern experienced by people in your community. (An example might be the lack of education by women and girls)
2. How does it affect the people concerned, what happens to them, how does this affect their families, their communities?
3. What happens to these women and girls now? (What help is available to them and is it effective?)
4. If you were in charge of services for this group of people, what would you provide for them their families and the community in order to address this issue?
5. Who do you think could provide these services? Who would you want to do this? What help would WRLOs need to address it?
6. If all these services were available what would be the best outcome for these participants?
