

AGSM MBA Full-Time Class of 2025

Foreword

On behalf of Career Accelerator @ AGSM, it's my pleasure to introduce you to the 61 individuals comprising our Full-Time MBA 2025 cohort. This Profile Book provides an opportunity for you to get to know the 2025 cohort as they embark on their studies, and we encourage you to engage with them on a regular basis as they consider their post-MBA career prospects.

Joining us in May from 24 countries, this diverse and talented group will graduate in 2025 following 12 months of experiential and industry-aligned curriculum, extra-curricular activities, and a rigorous career development program that encourages students to explore opportunities, develop their skills and achieve their post-MBA goals by testing their learnings in real-world settings while they study. Our career education milestones which students complete alongside their studies have been developed with industry in mind, ensuring that each student graduates from the AGSM with key skills in problem solving, professional brand, case approach, interview techniques, pitch and presentation skills, and a strong network.

Career Accelerator @ AGSM can help you connect with students to offer internship and project opportunities, advertise vacancies through our job board, sponsor case competitions, host strategic consulting projects, attend networking events, join industry panels or present during our weekly industry focused workshops as a guest speaker. We regularly host industry-focused events which provide opportunities to showcase your organisation as an employer of choice and we can also connect you with our student-led AGSM Student Association (ASA) to partner on tailored events and initiatives.

For a more in-depth look at the professional backgrounds of our MBA candidates, we invite you to review the 2024/25 edition of the AGSM Resume Book, which is released in September, and features a resume from each student in our Full-Time cohort and many of our students in the MBA (Executive) and Part-Time MBA programs.

We look forward to working with you and your organisation throughout the year, and please contact us via careercentre@agsm.edu.au for any student engagement or recruitment related inquiries and our Lead, Industry Engagement (MBA) will be in touch right away to discuss options with you.

Sabine King

Director, Career Accelerator
AGSM & UNSW Business School

Full-time class of 2025 - Student profiles	08

From the Academic Director

AGSM's Full-Time MBA students are selected from across the globe for a world class management education, with outstanding leadership and professional development and a strong focus on responsible business, including sustainability and ethics, throughout their program.

We are proud to present to you our Full-Time MBA 2025 cohort, who will graduate in May 2025. As always, we have an international MBA cohort, representing 24 countries and 19 industry sectors, including financial services and banking; consulting and strategy; government and defence, IT and telecommunications, media and entertainment; energy; healthcare; consumer goods and retail; and property. A key feature of our MBA is applied and experiential learning through heavy engagement with industry and there are several ways for industry leaders to connect with our MBA cohort. You can engage an intern, commission a strategic consulting project, provide a guest lecture, host a field trip at your office, establish a scholarship in your name, and of course, you can hire our outstanding talent. We invite you to meet with us to discuss how we can create valuable engagement opportunities for your organisation.

Associate Professor Michele Roberts

Associate Dean (Post Experience)
AGSM @ UNSW Business School

Career Development Program

Career Accelerator @ AGSM partners closely with our students to provide a highly personalised professional development program to meet the high standards of our corporate partners while aligning seamlessly with our academic curriculum. Our world-class faculty, renowned for their deep industry insights and extensive networks, leverage live case studies to enhance theoretical learning with real-world relevance and engage with the business community. This enables students to strengthen their professional networks whilst also providing invaluable insights into the dynamic and fast-paced Australian business landscape.

The AGSM MBA experience is profoundly transformative, leading our students to continually evolve their career aspirations as they explore new industries, functions, and concepts throughout their studies. At Career Accelerator @ AGSM, we are dedicated to igniting the spark of possibility rather than merely placing students, and we gauge our success on more than just statistics.

The Full-Time MBA at AGSM offers a truly unique journey, with each student embarking on it for different reasons. Alongside the rigorous academic curriculum that hones critical thinking and management expertise, our immersive professional development program sharpens career management skills and refines advanced interpersonal abilities. This equips our graduates not only with business acumen but also with the refined professionalism necessary to tackle contemporary business challenges head-on.

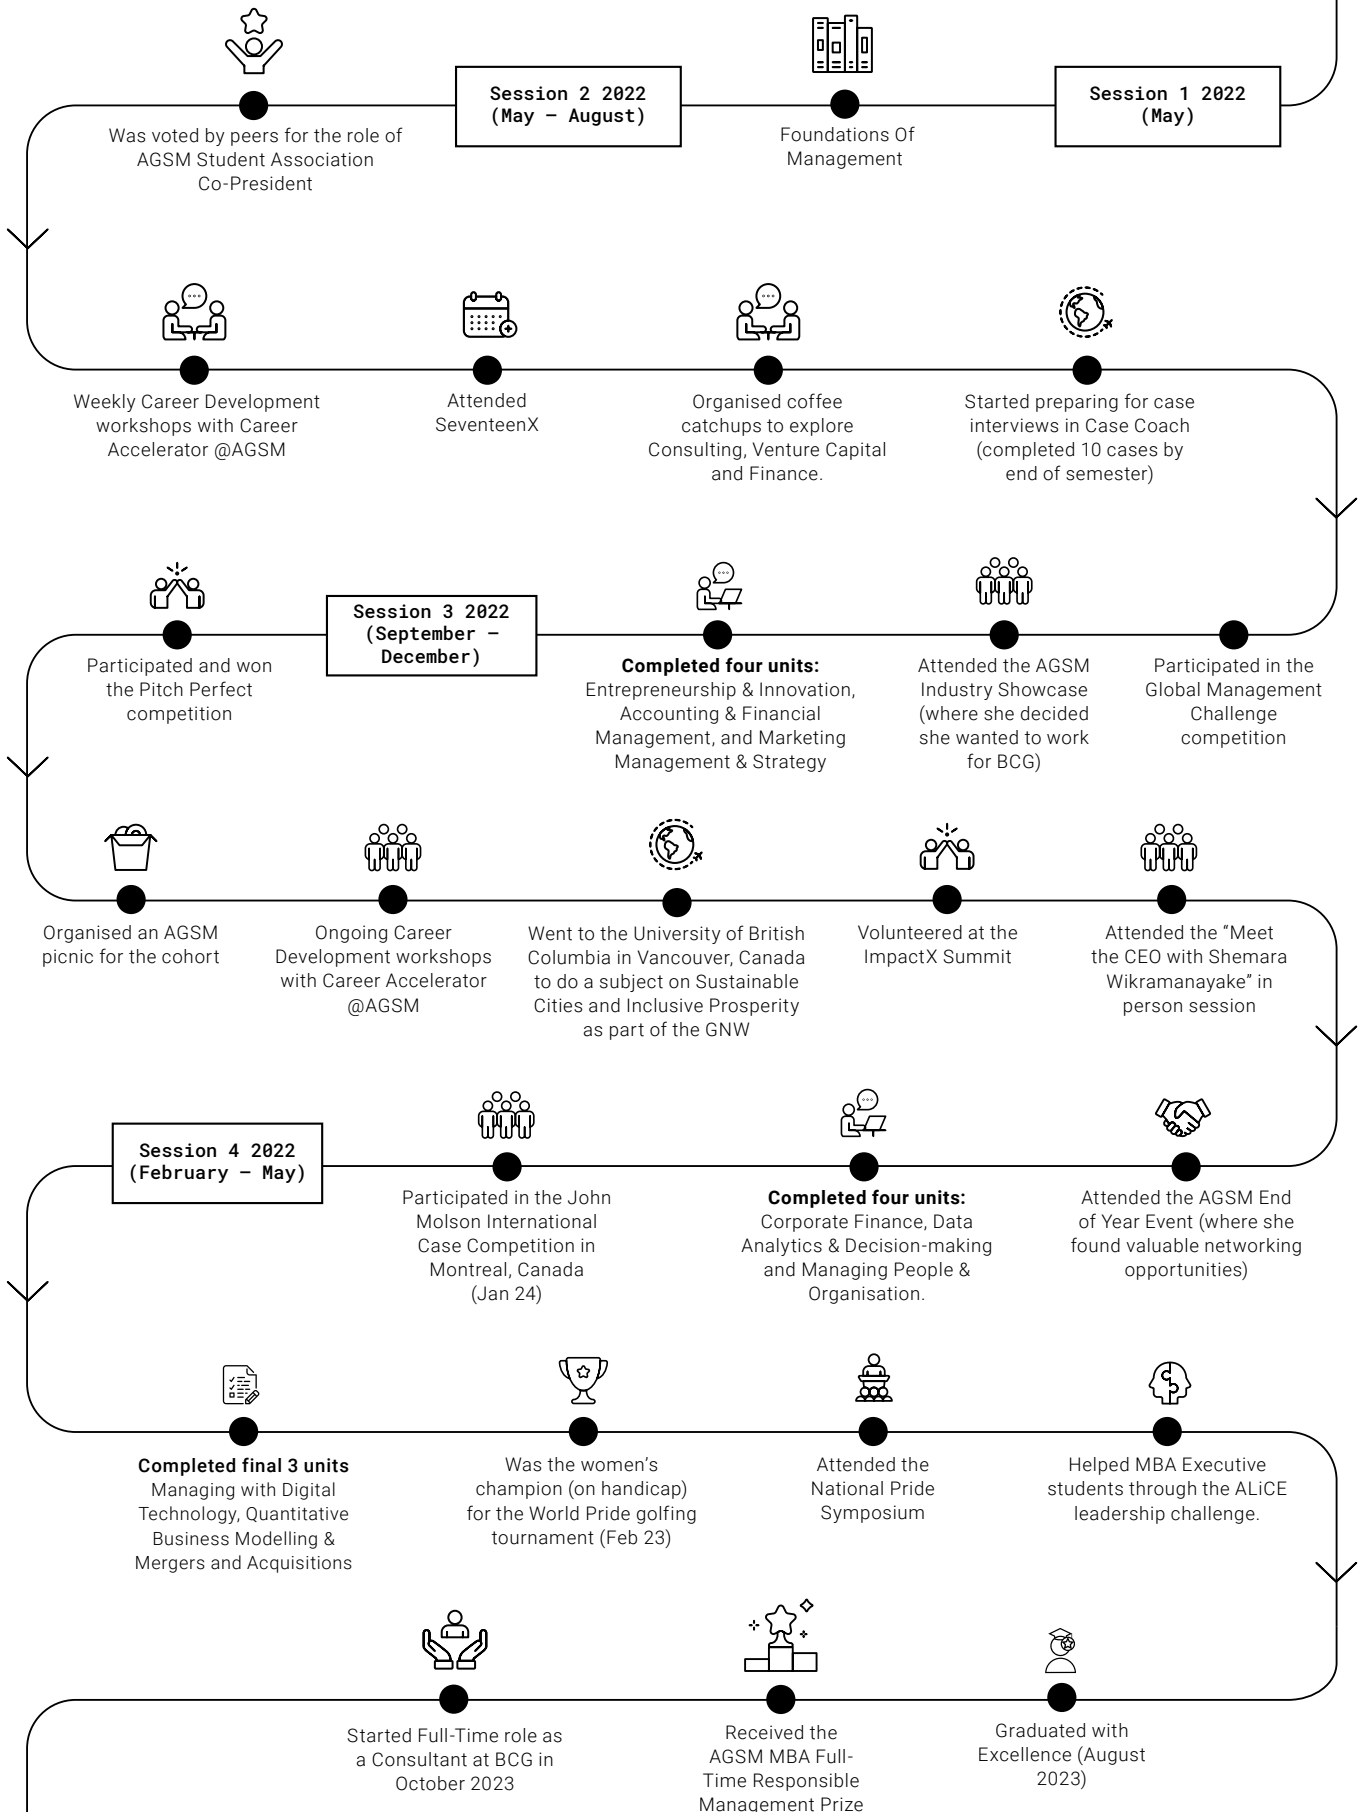

Central to our professional development ethos is bespoke support, group workshops, and specialized coaching. Career Accelerator @ AGSM works closely with each student to craft their personal brand, hone strategic networking capabilities, master interview techniques, and craft effective job search strategies. Each student's post-AGSM Full-Time MBA journey is unique whether they enter top-tier consulting firms, become industry leaders, or pursue entrepreneurial ventures, every graduate possesses the tools to make a lasting impact and carve out their own career path.

**Always be
learning**
