

UNSW  
SYDNEY

# Co-op Scholarship Program

## What is Co-op?

A strategic partnership between industry and UNSW to attract, train and develop the leaders of tomorrow.

### Early access to the nation's best & brightest

-  Recruitment
-  Networking & Mentoring
-  Leadership Training
-  Industry Experience
-  Professional Development
-  Financial Support

### The role of a sponsor:

- **Providing** a \$22,000\* annual scholarship for four years (invoiced annually);
- **Contributing** to scholar selection;
- **Offering** three high-impact industry training placements within your organisation;
- **Sharing** feedback on Program and academic content;
- **Participating** in tailored recruitment events and professional development for Co-op scholars.

### The benefits for sponsors include:

- **Recruiting** top students with strong technical and soft skills upon program completion;
- **Overseeing** full-time student placements for up to 18 months – with no additional cost or headcount impact;
- **Developing** future industry talent through real-world learning opportunities;
- **Elevating** your organisation's profile within the broader UNSW community;
- **Strengthening** strategic networks and partnerships within the University as a VIP industry partner;
- **Sponsoring** 5th year Honours students in select programs to complete industry-linked thesis projects (optional).

Students are selected by panels of industry sponsors and UNSW staff on the basis of industry awareness, academic excellence, demonstrated leadership, communication skills and motivation.

**Gain early access to some of the nation's top talent by providing Co-op scholarships and professional development to exceptional students at UNSW.**

*"As a pioneer in our sector, we were eager to participate in the Co-op Program to help us connect with, develop and grow a pathway for aspiring students. Seeing the high calibre of candidates through the interview process and during the Induction Ceremony for the successful scholars, PV Industries is excited to be investing in some of the brightest, young minds that will shape the future of our industry!"*

**James Petesic,  
Co-Founder,  
PV Industries**
