				MFAC1513 0UoC (M3A)

NOTES	*MFAC1501, Foundations- An integrated seven-week experience for new students, which requires them to work independently and in teams to explore their understanding of the fundamentals of cell biology, the structure of the human body, and a range of professional issues pertinent to medical practice. The BMed/MD program requires you to pass MFAC1501 to progress onto other courses within the program. As such, if you do not pass MFAC1501 you might need to go on Program Leave and will be unable to continue with your Year 1 courses. Students who do not pass will then enrol using the following year's program plan & handbook.
	**General Education Requirements- BMed/MD students are required to complete 12UoC of General Education courses (typically 2 x 6UoC courses). It is recommended that students complete the General Education courses before entering Year 4 of the program. Students should make use of Summer Session to complete General Education requirements. Students wishing to undertake General Education courses outside of Summer Session will need to submit an Overload Request which will require a WAM > 80 and approval from the Phase Convenor.
