\*The **Public Health Capstone course (PHCM3003)** is a core subject that provides students with an opportunity to bring together learning developed during their undergraduate program and to further develop public health knowledge and skills. Students will choose between a research project, internship placement or public health study tour based on interest, career aspirations and feasibility. Approval from Program Director required for any students attempting to enrol prior to **78 UOC**. The Capstone course is available for enrolment in T1, T2, or T3.

**If you are a student who has joined the 3881 program from 3880 via an Internal Program Transfer (IPT) during 2024 or 2025 AND you have completed YMED courses, you may need to refer to the YMED Course Equivalency table on the following page to assist with program completion.**
