

Mark Wainwright Analytical Centre X-Ray and Elemental Facility XRF Laboratory

Request for XAFS/XES Analysis

Date		School / Dep	artment	
Analysis requested	bv	Supervisor's		
Contact Phone		Supervisor's		
Contact Email		Supervisor's Email		
Project Type	☐ Research ☐	☐ UG / Honours	☐ Consulting	☐ Other
Account for Char				
Project Code	9001	•		
2. Fund Code			Supervisor/Manager's	
3. Dept. ID		Signature		
4. Supervisor OR	CHID			
Sample No. and De	scription:			
1				
2				
3				
4				
5				
Measurement Mode	·	XAS 🗆	XES 🗆	
mode and more mode		7010 🗖	ALO L	
For XAFS measurer	ment, element and absorptio	n edge (<i>e.g.</i> , K-edge o	L-edge) of interest [:]	
For XES measureme	ent, element and emission lin	ie (<i>e.g.,</i> Fe Kβ line) of in	terest:	
	,	()		
Estimated concentry	ation of the element of intere	et:		
	ation of the element of intere			
	ation of the element of intere pressed pellet, powder, thin t			
Sample form (<i>e.g.,</i> բ		film):		
Sample form (<i>e.g.,</i> բ	pressed pellet, powder, thin t	film):		
Sample form (e.g., p	pressed pellet, powder, thin t	e of interest): XAN	ES D EXAFS	
Sample form (e.g., person of the second seco	oressed pellet, powder, thin the same specify the energy range or safety concern related to	e of interest): XAN	ES D EXAFS	
Sample form (e.g., person of the second seco	oressed pellet, powder, thin the sase specify the energy range or safety concern related to fy and provide the SDS)	e of interest): XAN	ES D EXAFS	
Sample form (e.g., person of the second seco	oressed pellet, powder, thin the sase specify the energy range or safety concern related to fy and provide the SDS)	e of interest): XAN the sample? Yes [ES D EXAFS	
Sample form (e.g., person of the second of t	oressed pellet, powder, thin the sase specify the energy range or safety concern related to fy and provide the SDS) and provide the SDS)	e of interest): XAN the sample? Yes [ES D EXAFS No D No D	
Sample form (e.g., person pers	oressed pellet, powder, thin the sase specify the energy range or safety concern related to fy and provide the SDS) ample/s returned?	e of interest): XAN the sample? Yes [ES D EXAFS No D No D	
Sample form (e.g., person pers	oressed pellet, powder, thin the sase specify the energy range or safety concern related to fy and provide the SDS) ample/s returned?	e of interest): XAN the sample? Yes [ES D EXAFS No D No D	
Sample form (e.g., person pers	oressed pellet, powder, thin the ase specify the energy range or safety concern related to fy and provide the SDS) ample/s returned?	e of interest): XAN the sample? Yes I Yes I	ES D EXAFS No D No D	
Sample form (e.g., person pers	oressed pellet, powder, thin the asse specify the energy range or safety concern related to fy and provide the SDS) ample/s returned? o submit the sample as presenting th	the sample? Yes I seed pellet. Contact the	ES D EXAFS No D Staff if the user needs	the facility for
Sample form (e.g., person pers	oressed pellet, powder, thin the ase specify the energy range or safety concern related to fy and provide the SDS) ample/s returned?	the sample? Yes I seed pellet. Contact the	ES D EXAFS No D Staff if the user needs	the facility for
Sample form (e.g., person pers	oressed pellet, powder, thin the asse specify the energy range or safety concern related to fy and provide the SDS) ample/s returned? o submit the sample as presenting th	the sample? Yes I seed pellet. Contact the	ES D EXAFS No D Staff if the user needs	the facility for
Sample form (e.g., p Energy Region (Pleaters) Is there any hazard (If yes, please specifically possible of the sample preparation. Service fee only app PLEASE COLLECT S Office Use Only	oressed pellet, powder, thin the asse specify the energy range or safety concern related to fy and provide the SDS) ample/s returned? To submit the sample as presented when measurement is considered to the sample as presented to the sam	the sample? Yes I seed pellet. Contact the	ES	the facility for
